

John O. Bennett

For Chairman

**Monmouth County Republican
Committee**

**FOR IMMEDIATE RELEASE- May 29, 2014
Manalapan Township Elected Officials Endorse John Bennett**

It is a great honor to stand with John O. Bennett in his campaign to seek a second term as Chairman and Vice-Chairwoman, respectively. The bottom line is that John Bennett has kept all of his campaign promises from two years ago, and the Monmouth County Republican Party is stronger today than it was then.

John's first promise when running two years ago was to implement a new set of by-laws and move to a convention system when selecting candidates in order to make the entire process more democratic. John has done this, and now County Committee members select our organization's candidates, not political bosses in the back room.

John also pledged to put in place a Board of Directors to meet and advise the Chairman, and he has met this promise as well. Now, Republican representatives from all over the county have a direct say in the County Party. He also promised to keep our County Party headquarters open and staffed full time, and has done this. The County Party headquarters has been an invaluable resource for Manalapan Township. Last year at the headquarters, our campaign volunteers made phone calls into Manalapan every Monday night on behalf of Governor Christie, our County candidates, and our local Township Committee candidates.

We encourage County Committee members not just of Manalapan, but all of Monmouth County to vote for John O. Bennett, a proven leader and party builder, at the June 10th Chairman's Convention. Thank you.
